Webetron !

Full Stack Developer

Hello, Manoj is here...

About Me

I am a passionate Full Stack Developer with a proven track record of creating innovative and robust web applications. With a strong foundation in both front-end and back-end technologies, I bring a holistic approach to every project. My goal is to leverage my skills to deliver high-quality, user-centric solutions that drive business growth.

Skills   Experience   Education

Web-Designing
Designing Web/app Interfaces Interactive

Front-End Development
HTML, CSS & JavaScript

Back-End Development
Django

Database Management
MySQL, SQLite, MongoDB

My Services

Web design/App design

I specialize in crafting tailor-made websites that align with your brand, goals, and target audience. n today's mobile-first world, it's crucial that your website looks and functions flawlessly on all devices. I design with a mobile-first approach to guarantee a consistent experience across smartphones, tablets, and desktops.

Learn More

Full Stack Web Development

I have expertise in both front-end (HTML, CSS, JavaScript) and back-end (Python, Django, Node.js) technologies. This allows me to create dynamic, interactive, and data-driven web applications.Extend your online presence with cross-platform mobile applications using frameworks like React Native, ensuring a consistent user experience across iOS and Android devices.

Learn More

Database Design and Management

I design and implement robust database solutions using SQL or NoSQL databases (MySQL, PostgreSQL, MongoDB, etc.) to ensure efficient data storage, retrieval, and management.
